Poster Preparation and Presentation Guidelines

- Display boards are 3 feet vertically by 4 feet horizontally. Display materials may be affixed to the boards with push pins (provided on-site at the meeting.)
- Posters should stimulate discussion, not give a long presentation. Therefore, keep text to a minimum, emphasize graphics and make sure every item is necessary.
- Include the title of your presentation. India Section of AOAC INTERNATIONAL will not post the abstract titles on display boards.
- Use large and legible lettering that is easily readable from a distance of 3 feet or more. Text material should be printed from a laser printer with a font size large enough to read from a distance. Simple use of color can be used to add emphasis if needed.
- Photographs, illustrations, and graphics are encouraged, and should be large enough to ensure visibility.
